

# Silver Shield Rescue Gel (24 ppm) (3 oz. tube)

Stock Number: 4951-2

## Benefits:

- Water-based hydro gel for use in moist wound care management.
- It may help inhibit the growth of microorganisms within the dressing.
- Ideal for the topical management of minor cuts, lacerations, abrasions, skin irritations and 1st and 2nd degree burns.
- It has been evaluated in standard tests showing it can reduce the levels of common microorganisms and fungi, including\*: Staphylococcus aureus, Pseudomonas aeruginosa, Escherichia coli, MRSA, Candida albicans and Aspergillus niger. \* USP<51>
- Manufactured with a patented process using Bioavailable Aqua Sol Technology, which utilizes only fine particle-sized silver to optimize bioavailability and efficiency.
- Provides 24 ppm of bioavailable silver.

## How It Works:

Silver Shield Rescue Wound Dressing Gel is a water-based hydro gel for use in moist wound care management. It may help inhibit the growth of microorganisms within the dressing. Silver Shield Rescue is ideal for the topical management of minor cuts, lacerations, abrasions, skin irritations and 1st and 2nd degree burns. It has been evaluated in standard tests showing it can reduce the levels of common microorganisms and fungi, including\*:

- Staphylococcus aureus
- Pseudomonas aeruginosa
- Escherichia coli
- MRSA
- VRE
- Candida albicans
- Aspergillus niger

Silver Shield Rescue is manufactured with a patented process using Bioavailable Aqua Sol Technology, which utilizes only fine particle-sized silver to optimize bioavailability and efficiency. Silver Shield Rescue provides 24 ppm of bioavailable silver.

\* USP<51>

## Ingredients:

24 ppm proprietary silver solution (purified water, nano-silver at .01 micron).

**Recommended Use:**

Clean wound. Use a clean applicator to liberally cover the wound with Silver Shield Rescue Wound Dressing Gel and secondary dressing.
