

In The News

"When antibiotics arrived 60 years ago, many experts thought it was the beginning of the end for infectious diseases. Sadly, they were wrong."

— Newsweek, December, 2006

"[Silver] has undergone rigorous testing and has been found to kill anthrax, bubonic plague, hospital staph and SARS. This product is EPA approved . . . In short, we currently do not have anything with such a wide spectrum of efficacy in our inventory."

— General P.K. Carlton, M.D.
Director of Integrative Center for Homeland Security

"The results suggest that this silver solution is a broad-spectrum antimicrobial agent. It is able to effectively stop the growth of, and in fact, kill a large variety of potentially pathogenic bacteria. To date, there are no pathogenic bacteria tested that [this] product has not killed."

— Dr. Ron Leavitt, Microbiology Department,
Brigham Young University

What Silver Users Are Saying

"Silver Sol is one of the most miraculous products that I've ever used."

"I came down with pinkeye and I started silver drops in my eyes. Two days later the infection was gone! It is such a fabulous product ... Silver Sol is what it says it is."

"We took Silver Sol and put it on the acne about three times, and I tell you, in about two days, her face was clear."

"A friend of mine had MRSA and they would have cut his toe off in the next week. After using silver for a 10- or 12-day period... he was walking with his shoe. It totally saved his toe!"

"This is exciting technology. Silver Sol technology is just absolutely amazing!"

18 ways to use Silver

	2-3 Drops	2-3 Sprays	1-2 Fine Mist/Gel	1-2 tsp	1x Day	2-3x Day	As Needed	Notes
INTERNAL USE				x		x		For special circumstances, serving can be doubled
Daily Disinfectant				x		x		
Immune Support				x	x		x	Take for 3-5 days or more if needed
Digestive Support				x	x		x	Take for 3-5 days or more if needed
Urinary Support				x	x			Take as long as needed
ORIFICE USE							x	
Voice spray			x	x			x	Use spray bottle 1-4 sprays, up to 10 times daily
Mouthwash				x		x		Gargling for six minutes will maximize effect
